Talk about burying the lede...

Gideon Reid

Can't wait for Thursday's release of the full report?

Take a trip to your local video store...for a reminder that the problems of journalistic corruption have been with us for many many years, here's an excellently staged parable of the sticky messes that the urge to go to press with the biggest scoop can get you into. Staring Kirk Douglas no less.

Apparently its based on a true story.

Ace in the Hole (1951)

<http://www.imdb.com/title/tt0043338/reviews>
